Every man, animal and things in the world come to have their own names. It is the name that distinguishes one from the other. It is not only the name letters that are there in the name but also numbers are embedded therein. Letters from A to Z and numbers 1 to 9 rule our names.

When one has a good number as the name number, all good is indicated; when the number is an evil number, it indicates harm to the subject.

Every name number has its own distinct qualities and results. It is not that a particular number is good for all. The number as such may be a good name but it may not suit some of the subjects.

It has to be analysed if the name number is suitable to the birth number and the life number.

Name Number Results

The name number is the total of the numerical value of each letter according to numerology.

Name Number 1

Dominant Planet: Sun

Planet Association: Sun

Name number one is not very auspicious. It shows indications of progress only in association with other numbers. A little progress leads to a bigger failure. It brings unnecessarily complications into life. It causes confusion. The number does not have any special qualities leading to success.

But Number is favourably as pected for the door number, the number of the vehicle and the door number of the office address.

Name Number 2

Dominant Planet: Moon

Contact: Veejay Raj, Numerologist

Mobile: +91 9042099959

Website: www.luckynumerology1.com Email: info@luckynumerology1.com
